

Novavax Update: Where to Find Our COVID-19 Vaccine

October 7, 2024

Novavax is committed to providing the most updated and comprehensive information about the locations where you can get access to the Novavax COVID-19 Vaccine, Adjuvanted (2024-2025 Formula) (NVX-CoV2705). The Novavax vaccine finder provides the most timely and updated information on the locations where our vaccine is available this season. Not every vaccine finder may have the most up to date information. The best source for finding Novavax's vaccine is us.novavaxcovidvaccine.com/vaccine-finder.

Doses of Novavax's COVID-19 vaccine have been stocked at more than 27,000 locations, including major pharmacy retailers, regional grocers and independent pharmacies across the U.S. Doses are also available at physicians' offices and public health clinics, through various government entities such as Vaccines for Children, Federal Qualified Health Centers, Indian Health Services and the U.S. Department of Defense, and through agreements with Group Purchasing Organizations.

Novavax's vaccine is the only protein-based option available in the U.S. this fall and is in a pre-filled syringe presentation.

AUTHORIZED USE IN THE U.S.

Novavax COVID-19 Vaccine, Adjuvanted (2024-2025 Formula) has not been approved or licensed by the U.S. Food and Drug Administration (FDA) but has been authorized for emergency use by the FDA, under an EUA to prevent Coronavirus Disease 2019 (COVID-19) for use in individuals 12 years of age and older. Refer to the full [Fact Sheet](#) for information about the Novavax COVID-19 Vaccine, Adjuvanted.

The EUA of this product will remain in effect for the duration of the COVID-19 EUA declaration justifying emergency use of the product, unless the authorization is revoked sooner.

VACCINE AUTHORIZATION (U.S.)

Novavax COVID-19 Vaccine, Adjuvanted (2024-2025 Formula) is indicated for active immunization to prevent coronavirus disease 2019 (COVID-19) caused by severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) in individuals 12 years of age and older.

IMPORTANT SAFETY INFORMATION

Contraindications

- Do not administer the Novavax COVID-19 Vaccine, Adjuvanted to individuals with a known history of a severe allergic reaction (e.g., anaphylaxis) to any component of the Novavax COVID-19 Vaccine, Adjuvanted.

Warnings and Precautions

- Management of Acute Allergic Reactions: Appropriate medical treatment must be immediately available to manage potential anaphylactic reactions following administration of the Novavax COVID-19 Vaccine, Adjuvanted.
- Myocarditis and Pericarditis: Clinical trials data provide evidence for increased risks of myocarditis and pericarditis following administration of Novavax COVID-19 Vaccine, Adjuvanted.
- Syncope (fainting): may occur in association with administration of injectable vaccines. Procedures should be in place to avoid injury from fainting.
- Altered Immunocompetence: Immunocompromised persons, including individuals receiving immunosuppressant therapy, may have a diminished immune response to the Novavax COVID-19 Vaccine, Adjuvanted.
- Limitations of Vaccine Effectiveness: The Novavax COVID-19 Vaccine, Adjuvanted may not protect all vaccine recipients.

Adverse Reactions

Solicited adverse reactions included: Injection site pain/tenderness, fatigue/malaise, muscle pain, headache, joint pain, nausea/vomiting, injection site redness, injection site swelling and fever.

Reporting Adverse Events and Vaccine Administration Errors

The vaccination provider is responsible for mandatory reporting of certain adverse events to the Vaccine Adverse Event Reporting System (VAERS) online at <https://vaers.hhs.gov/reportevent.html>, by calling 1-800-822-7967 or send an email to info@vaers.org.
